

STANDRD INDUSTRY ULTRASONIC CLEANER

Sonictron's MH series was special develop in Economic type, satisfy the need of different industrial cleaning application. The series is another Sonictron's cleaner capable with matching variable ultrasonic power and double frequency range from 25 to 80 kHz. The entire equipment in stainless steel construct.

MODEL
SPECIFICATION

MODEL	Cleaner Size (mm) (LxWxH)	Internal Tank Size (mm) (LxWxD)	Basket Size (mm) (LxWxH)	Tank Volume (L)	Ultrasonic Power (W)	Ultrasonic Frequency (kHz)	Heater Power (KW)	Power Source
MH15	490*430*810	300*250*200 LL : 150	270*215*150	15	300	Single Frequency 25 / 28 / 33 / 40 / 80 kHz Or OPTION Double Frequency 33-68 / 40-80 / 40-120 kHz	0.5	240VAC, 1Ph
MH30	490*430*810	400*300*250 LL : 200	380*280*180	30	600		0.8	
MH40	540*430*810	450*350*300 LL : 250	430*280*230	47	800		1.0	
MH60	590*480*810	500*400*300 LL : 250	480*330*230	60	1000		1.0	
MH70	540*580*810	450*450*350 LL : 250	430*430*230	70	1200		1.5	
MH90	640*630*810	550*450*400 LL : 350	530*430*330	99	1400		2.0	
MH120	690*580*860	600*500*400 LL : 350	580*480*330	120	1600		2.5	415VAC, 3Ph
MH140	790*580*860	700*500*400 LL : 300	670*470*280	140	2000		3.0	
MH160	740*690*900	650*550*450 LL : 350	620*520*330	160	2200		3.5	
MH190	740*780*900	650*650*450 LL : 350	620*620*330	190	2600		4.0	
MH220	790*780*950	700*650*500 LL : 400	670*620*380	227	2800		4.0	
MH240	840*780*950	750*650*500 LL : 400	720*620*380	243	3000		4.5
